Highlighted recent changes

- Interactive map for Development Applications
- Enhanced public engagement with Development Applications
- Technology initiatives – 3-D Modeling and electronic development application submissions

Development Review Committee (DRC)

- Regulated by Article III Division 6 of the Zoning Code.
- Consist of City staff from numerous Departments, a Sarasota County School Board representative and a Sarasota County Fire Department representative. Staff members attend DRC meetings and provide comments on pre-applications, zoning text amendments, city projects/proposals and formal development applications.
- This is a technical review and DRC members review against their applicable Codes and regulations.
- Project comments are discussed at DRC meetings (1st and 3rd Wednesday of the month).
- Case Planner (Development Services Department) is the main contact regarding a development application for everyone.
- Once an application is deemed complete the Case Planner will email the designated neighborhood representative introducing themselves and notifying them of the project. DRC Comments are also sent to the neighborhood representatives. Notifications are mailed to property owners and Neighborhood Associations with in 500 feet of the site.
- DRC meetings are open to the public but public input is not permitted. Input can be submitted in writing or by calling the Case Planner.

To view information on pending development applications, go to the Development Review page on the Development Services website at <https://www.sarasotafl.gov/government/development-services/development-review>.

This site contains two links that are helpful with finding pending development application information.

Development Review

Print Feedback Share & Bookmark Font Size

Development Review staff, through review of new development projects, ensures that the long-range plans of the City are implemented and that new development adheres to the City's codes and regulations. Every new project is different and City Planners work with developers, architects, engineers, attorneys and neighborhood representatives to achieve a balanced integration between new development and the built environment.

The Development Review Committee (DRC) is composed of City Staff from various Departments/Divisions. The DRC:

- Meets on the first and third Wednesday of every month to coordinate and analyze requests for development approval, such as rezonings and site plans.
- Meetings begin at 9:00 a.m. and are typically held in the City Commission Chambers in City Hall.
- Meetings are open to the public however participation is limited to committee members, unless a committee member requests information of an applicant (Reference: Zoning Code, Section III-603)

To simplify and streamline the DRC review process in terms of completeness and technical review, the submission deadlines for development applications have been revised.

- View the [2023 submission deadlines/review schedule](#) for development applications for Completeness and Technical Review by the DRC.
- View the [2023 schedule](#) for placement on a Planning Board/City Commission public hearing meeting schedule based on the date the project receives full DRC sign-off
- View a listing of the current members: [DRC Committee Members](#)
- View status of in process development applications: [Development Application Status Report](#)
- View a map of development applications under review: [Development Application Map](#)

Planning Board

The Planning Board / Local Planning Agency holds public hearings and makes recommendations to the City Commission on a variety of development applications and related issues including:

- Proposed amendments to the **Sarasota City Plan (2030)** and the Sarasota Zoning Code (2002 Ed.);
- Ordinances and regulations governing development of land in the City;
- Whether proposed development conforms to the principles and requirements of the **Sarasota City Plan (2030)**.

Planning Board members are volunteers appointed by the City Commission to serve three-year terms. Members of the Planning Board are required to be City residents who do not hold any public position or office in City Government.

City of Sarasota Development Services Department Development Application Status Report

(Current as of June 21, 2023)

Note: Weekly updates are now available on the City's Website at [Developments Under Review](#)

In Process:

22-SP-06, 22-ADS-06

Quay Sarasota Blocks 1 & 9 (1100 Boulevard of the Arts): Application seeking Site Plan approval to develop 123 residential units, 13,697 square feet of commercial space, parking and accessory uses on Blocks 1 and 9 located on the eastern portion of the Quay Sarasota site. Access is proposed from N. Tamiami Trail, Boulevard of the Arts, and interior street Quay Commons. Previous approvals include 16-SP-08, 16-SV-03, 16-SV-05, 16-DA-01, 19-SP-05, 19-SP-10, and 20-SP-08. All Site Plans must be consistent with those previous approvals and approved minor amendments. The entire Quay Sarasota site is approximately 14.69 acres and is zoned Downtown Bayfront (DTB). Blocks 1 and 9 are 1.96 acres of that site. No attainable housing is proposed. [TS] *Under completeness review, 30-day period ends 1/12/22. Deemed complete, DRC 2/2/22. Resubmittal required. Resubmittal received, DRC 3/16/22. Resubmittal required. Resubmittal received, DRC 4/20/22. Resubmittal required. Resubmittal received, DRC 7/20/22. Resubmittal required. Resubmittal received, DRC 8/17/22. Partial sign-off. Response to comments received 11/7/22. Comments sent 12/6/22. Response to comments received 1/17/23. PB 2/8/23. TBD. Tentatively scheduled for 6/14/23 PB meeting. PB TBD.*

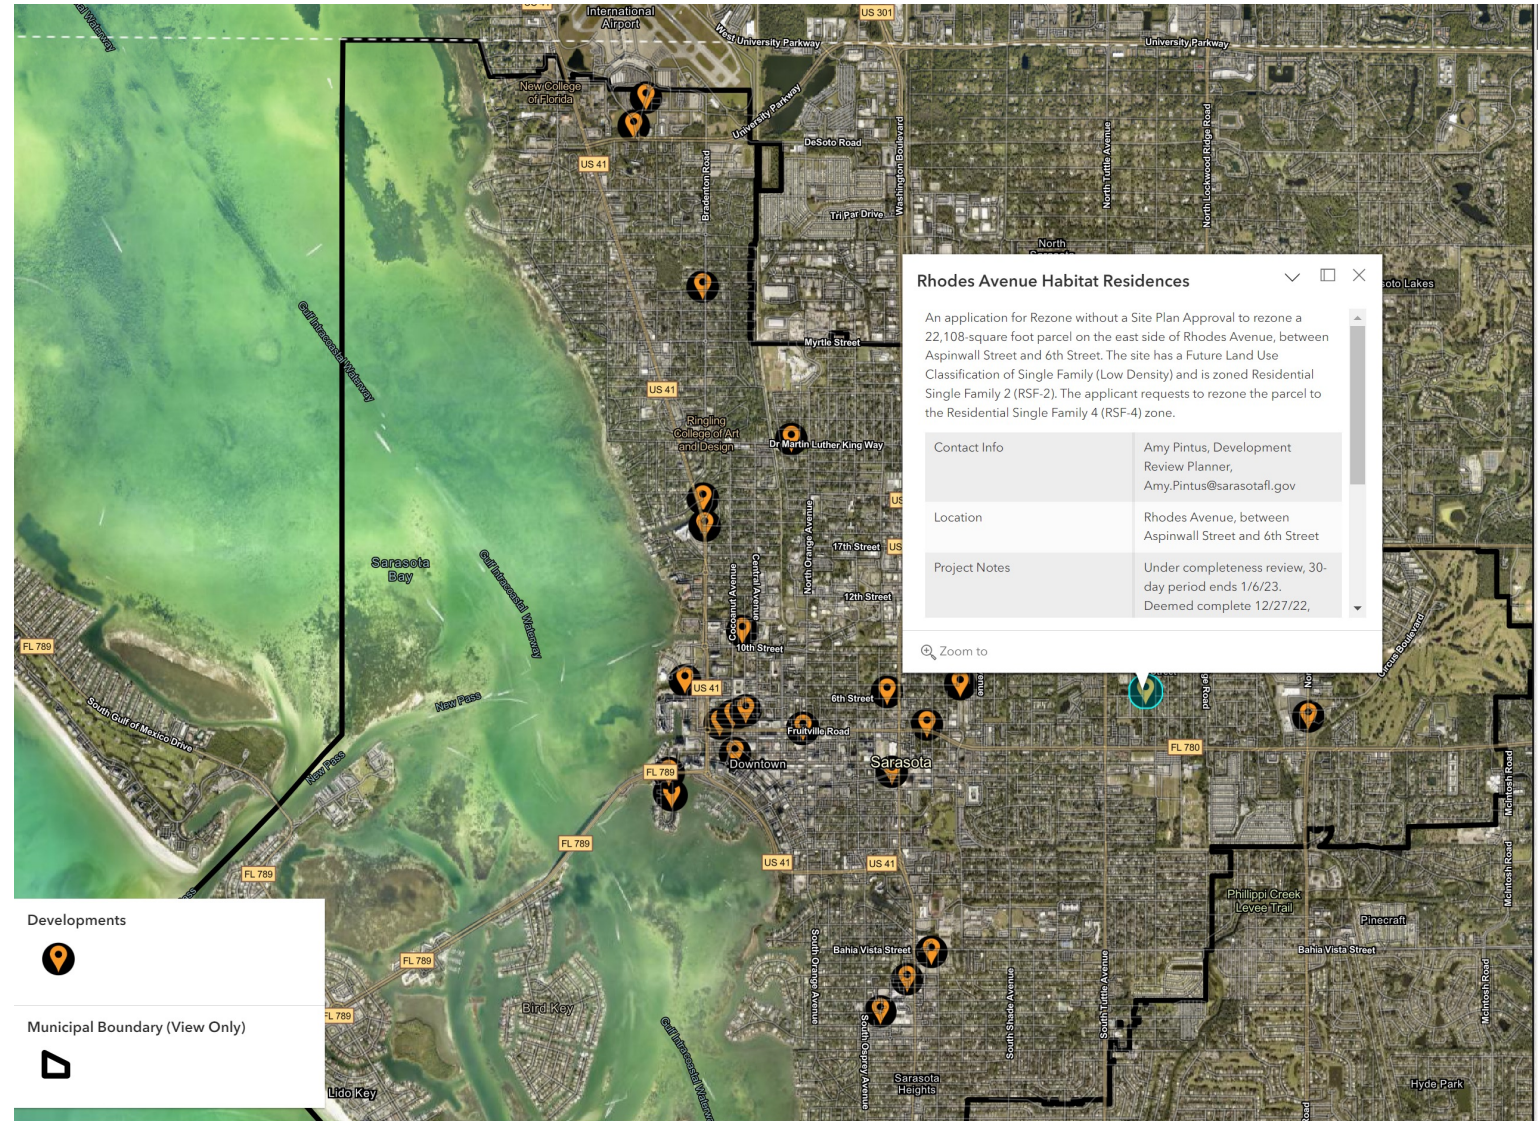

23-DA-01

Quay Development Agreement Amendment (1100 Blvd of the Arts): application seeking approval to amend the Quay Sarasota Development Agreement to allow for submission of a Block Site Plan application reflecting vertical development over Quay Commons between Blocks 1 and 9. The entire Quay Sarasota site is approximately 14.69 acres and is located within the Downtown Bayfront (DTB) zone district and a Future Land Use (FLU) classification of Downtown Bayfront. [TS] *Under completeness review. Deemed complete 11/17/22. Deemed complete 11/17/22. DRC 12/7/22. Full sign-off achieved. PB 2/8/23 3/8/23. Continued to 4/12/23 PB meeting. Public hearing cancelled. Scheduled for 7/12/23 PB meeting. PB TBD.*

22-SP-09, 22-ROA-01

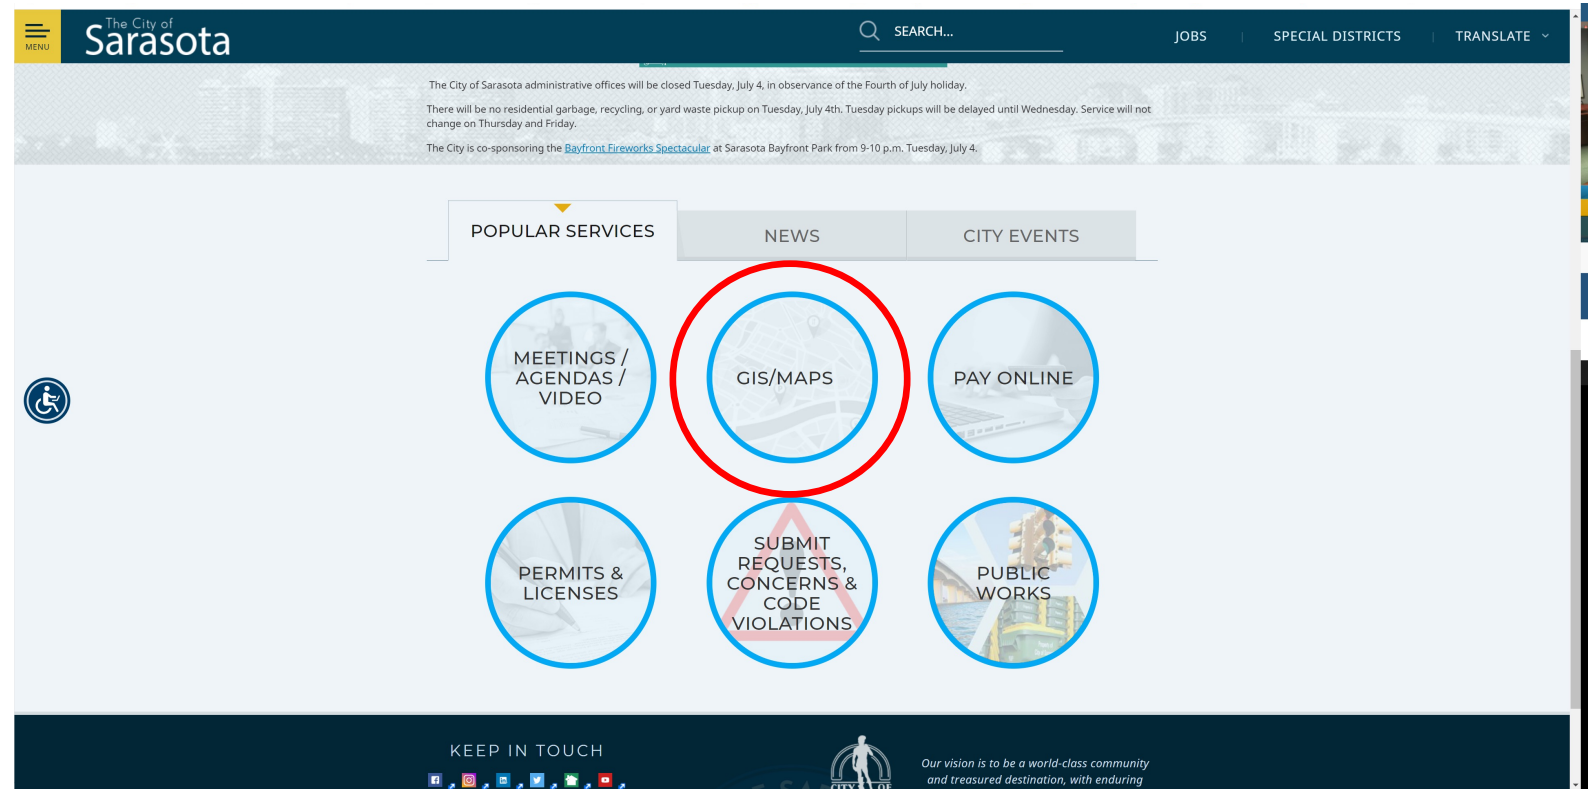

View status of pending development applications: Development Application Status Report. This report is published monthly and contains the project description, case planner initials (name and contact information for the case planners is listed at the end of the report), and the history/current status of the application.

View an interactive map of development applications under review: [Development Application Map](#). This data is updated on Fridays and contains the project description, case planner name and contact information, and the history/current status of the application.

Staging Plans

- Required for new commercial buildings, major renovations and single family dwellings over 5,000 square feet.
- Emphasis on maintaining all operations within the approved site boundaries, minimizing impact on neighboring properties and attention to erosion control, safety, right-of-way preservation, traffic mitigation and parking regulation.
- Sidewalk and road closures map.

Public Maps & Apps

Created By **Vision** - Where Communities & Government Meet

Code Compliance

- 80% proactive, 20 % reactive
- CoS Click-2-Fix is an app used to report problems such as potholes, broken sidewalks, tree limbs down, parking meters, and many more. The app is owned by the IT Department but the submissions are responded to by numerous City Departments.
- Improvements to the workflows that support the application are continuing. The categories remain unchanged due to the limitations of the “temporary” application. The permanent application is schedule to be installed during the FY 25-26.
- Code Compliance requests cannot be submitted through Click-2-Fix.

3-D Modeling

- Looking into the feasibility of utilizing 3-D Modeling.
- 3-D Modeling can help visualize the impact of proposed zoning text amendments, development applications and streetscape projects.
- This initiative has been a multi-department effort with the Planning Department taking the lead so far.
- Three phases
 - Phase 1: Collect citywide data
 - Phase 2: Create 3-D modeling based on data
 - Phase 3: Plug in new projects
- A Request for Proposal for Phase 1 is proposed to be submitted by September 2023 and a start date of December 2023.

One Stop Shop

- Development Services Department, Utilities Billing, Public Works Engineering, a Utility Engineer, and the majority of the Planning Department.
- The Building is under construction.
- Willis A. Smith Construction is the contractor.
- The anticipated completion date is approximately Summer of 2024.
